STOCKS SHOW A HEALTHY GAIN ON N. Y. MARKET

Increased Dividends, Improved State of Steel and Iron Industry and Other Healthy Symptoms Cause Increases.

(BY MORNING JOURNAL SPECIAL LEADER WRITER)
New York, Feb. 27.—Aided by several increased dividends and stimulated by a healthy and related professional interests, today's stock market augmented recent advances in a number of special issues.

Continental Car directors increased the common dividend from 5 to 6 per cent annually and Chandler Motors was advanced from an 8 to 12 per cent basis. Intimations that other industrial companies are contemplating similar action were credited because of recent large returns.

Additional factors of favorable import included the improved state of the iron and steel industry, as indicated by the marked increase of capacity reported by the United States Steel corporation and advances from Mexico which gave impetus to the oil division.

Trans-continental and coalers were the foremost features of the railway division at gains of one to two points, minor issues such as Missouri Pacific preferred, Wabash and Erie, also responding to a moderate inquiry.

United States Steel's sharp reaction with coppers brought some irregularity in the last hour, leaders forfeiting one to two points. Steel closed at a net loss of 14 points. Total sales amounted to 755,000 shares.

Bonds were irregular, speculative rails showing heaviness. Liberty issues also reacted. Total sales, par value, aggregated \$4,050,000.

Old United States 3's declined 1/4 per cent on call but the several Panama issues rose 1/4 to 1 per cent.

TODAY'S CARICOMET

\$1.28 a bushel. In the late dealings, however, the fact that the weather was excellent for a heavy movement of corn from rural sources to primary centers acted as a weight on prices.

Likelihood of a falling off in receipts tended to stimulate demand for oats.

Sharp breaks in the price of hogs weakened provisions.

Closing prices:
Corn March, \$1.27 1/2; May, \$1.26 1/2.

Oats—March, \$8.40; May, \$7.75; Pork—May, \$18.02.

NEW YORK COTTON.

New York, Feb. 27.—Cotton closed steady, net 15 points higher to 7 points lower.

CHICAGO BOARD OF TRADE.

Chicago, Feb. 27.—Hardening of grain values today accompanied a cessation of peace gossip. Corn closed steady at a net advance of a shade.

With March \$1.27 1/2 and May \$1.25 1/2 @ 1 1/2. Oats gained 1/4 to 1/2. Provisions finished 20 to 25 down.

Subsidence of talk about a possibility of the von Hertling address affording some prospect of an early end of hostilities put the bears at a disadvantage in the corn market throughout the day. Values were strengthened also by notice from the directors of the exchange that further trading in the February delivery had been prohibited and that settlements would have to be made at the maximum price allowed for futures.
